

Math Assessments Create a Prescribed Learning Path Individually Tailored for Each Student

These are only recommended for students who require special attention.
Whenever possible, a regular grade level course is best.

Level 5 Math Assessments and Learning Paths

Course Content

- 5th Grade Math Assessments 1 Number Sense 1
- 5th Grade Math Assessments 2 Number Sense 2
- 5th Grade Math Assessments 3 Operations
- 5th Grade Math Assessments 4 Measurement
- 5th Grade Math Assessments 5 Geometry 1
- 5th Grade Math Assessments 6 Geometry 2
- 5th Grade Math Assessments 7 Algebra
- 5th Grade Math Assessments 8 Probability
- 5th Grade Math Assessments 9 Logic

Level 6 Math Assessments/Learning Path

Course Content

- 6th Grade Math Assessments 1 Number Sense 1
- 6th Grade Math Assessments 2 Number Sense 2
- 6th Grade Math Assessments 3 Operations
- 6th Grade Math Assessments 4 Measurement
- 6th Grade Math Assessments 5 Geometry
- 6th Grade Math Assessments 6 Geometry 2
- 6th Grade Math Assessments 7 Algebra
- 6th Grade Math Assessments 8 Probability/Statistics
- 6th Grade Math Assessments 9 Logic

Level 7 Math Assessments/Learning Path

Course Content

- 7th Grade Math 1 Decimals, Fractions and Percent
- 7th Grade Math 10 Spatial Relationships
- 7th Grade Math 11 Coordinate System
- 7th Grade Math 12 Algebra
- 7th Grade Math 13 Probability and Statistics
- 7th Grade Math 14 Logic
- 7th Grade Math 2 Primes, Composites, and Factors
- 7th Grade Math 3 Properties
- 7th Grade Math 4 Operations
- 7th Grade Math 5 Estimation Strategies
- 7th Grade Math 6 Exponents
- 7th Grade Math 7 Measurement
- 7th Grade Math 8 - 2 and 3 Dimensional. Shapes
- 7th Grade Math 9 Volume, Perimeter, Area, Cap

Level 8 Math Assessments and Learning Paths

Course Content

- 8th Grade Math Assessments 1 Number Sense 1
- 8th Grade Math Assessments 2 Number Sense 2
- 8th Grade Math Assessments 3 Operations
- 8th Grade Math Assessments 4 Measurement
- 8th Grade Math Assessments 5 Geometry 1
- 8th Grade Math Assessments 6 Geometry 2
- 8th Grade Math Assessments 7 Algebra
- 8th Grade Math Assessments 8 Probability and Statistics
- 8th Grade Math Assessments 9 Logic

Algebra I Learning Path

Course Content

- Algebra 1 Assessment 1
- Algebra 1 Assessment 2
- Algebra 1 Assessment 3
- Algebra 1 Assessment 4
- Algebra 1 Assessment 5
- Algebra 1 Assessment 6
- Algebra 1 Assessment 7
- Algebra 1 Assessment 8
- Algebra 1 Assessment 9
- Algebra 1 Assessments 10

Skills Covered in this Assignment

- Estimating Square Roots
- Absolute Value
- Eval. Rat. Expressions with Poly.
- Evaluating Exp. with Exp.
- Evaluating Expressions
- Classify Numbers
- Evaluating Expressions with Roots
- Fractional and Negative Exponents
- Integers
- Integer Exponents
- Simplifying Expressions
- Irrational Numbers
- Scientific Notation
- Opposites and Reciprocals
- Simplifying Exp. with Exp.
- Order of Operations
- Simplifying Exp. with Roots
- Square Roots and Cube Roots
- Properties of Numbers
- Squares and Cubes
- Rational Numbers
