**Projects**

Helping Professions (Grades 6-12)

Your home page shows links to all of your GoQuest assignments and projects, as well as quick access to your profile and all of the activities you have viewed in the last week.

**Activities**

1. Alien Earths
2. The Harnessed Atom
3. Angle Word Scramble
4. Can You Balance?

The Activities box provides you access to the activities you have recently viewed.

Clicking on the title allows you to view the activity again.

The Assignments box provides you access to the assignments given by your teacher(s).

Clicking on the title of the assignment allows you to view the assignment: directions, activities, resources, files, and questions.

**Tip:** You can input answers to the question(s) and **Save** along the way. You should only **Submit** when responses are completely finished.

The Projects box provides you access to the projects assigned by your teacher.

Clicking on the title of the assignment allows you to view the project: Overview, Details, Files, and Messages.

**Tip:** You should remember to **Save** if you enter any notes or additional information into your phases of the project.

You also have access to the various menus using the icons across the top of your screen.
